

Ghana — Tourism Perception Report

June 2015 — July 2026 · 1,094 records in view · generated 27 Jul 2026 17:41 UTC

1,094	68%	15%	17%	70/100
RECORDS IN VIEW	POSITIVE	NEUTRAL	NEGATIVE	PERCEPTION

What the data says

Across 1,094 mentions of Ghana between June 2015 and July 2026, sentiment was 68% positive, 15% neutral and 17% negative — a net sentiment of +52 points, which reads as strongly positive. On the 0–100 perception scale the period scores **70**.

Themes behind the score

Visitors were most positive about scenery (+82 net across 210 mentions), food (+57 net across 42 mentions) and hospitality (+39 net across 142 mentions). Criticism concentrated on cost (-19 net across 16 mentions) and transport (-14 net across 29 mentions). Scenery was the most discussed theme overall, raised in 210 mentions (90% of them positive).

Direction of travel

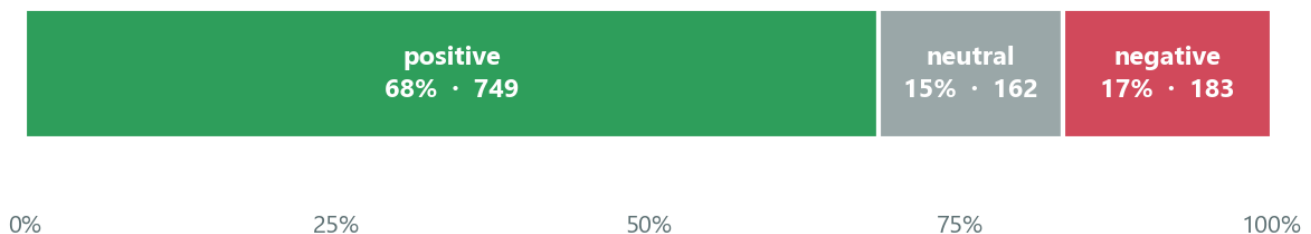

Perception has declined over the period: it moved from 75 in 2015 to 60 in 2026 (-14 points). Conversation volume peaked in 2020 with 141 mentions, out of 1,094 in total. Negative sentiment around hospitality rose +15 points in the second half of the period compared with the first. Criticism of food eased over the same span (-39 points of negative share).

Where the evidence comes from

The picture is drawn from 1,094 YouTube comments. 94% of these records were attributed to Ghana from what the text itself is about, rather than from the search query that surfaced them. Beyond neutral, **excited** is the dominant emotional register, tagged on 266 mentions (24% of the total).

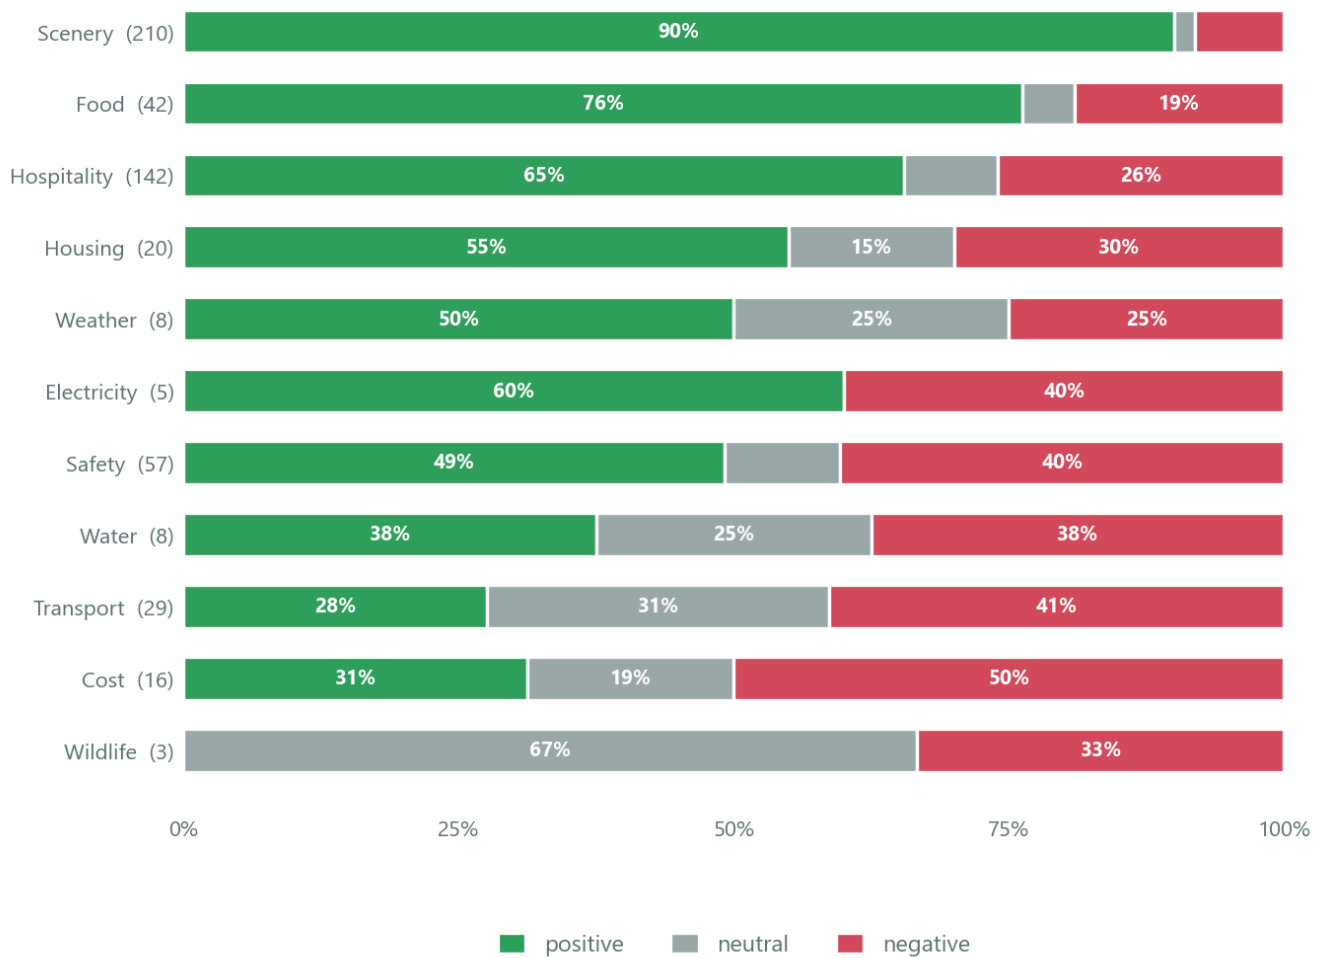

Sentiment breakdown

How the 1,094 records in view split across sentiment classes. Net sentiment is +52 points.

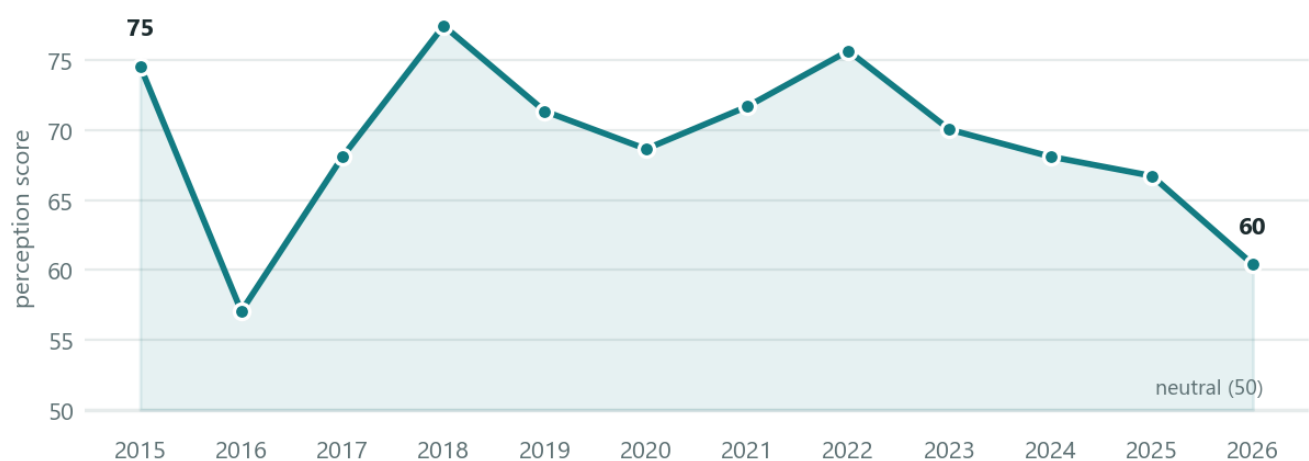

Sentiment per aspect

Each travel theme mentioned in the view, ranked by net sentiment (most positively regarded first). Mention counts in brackets.

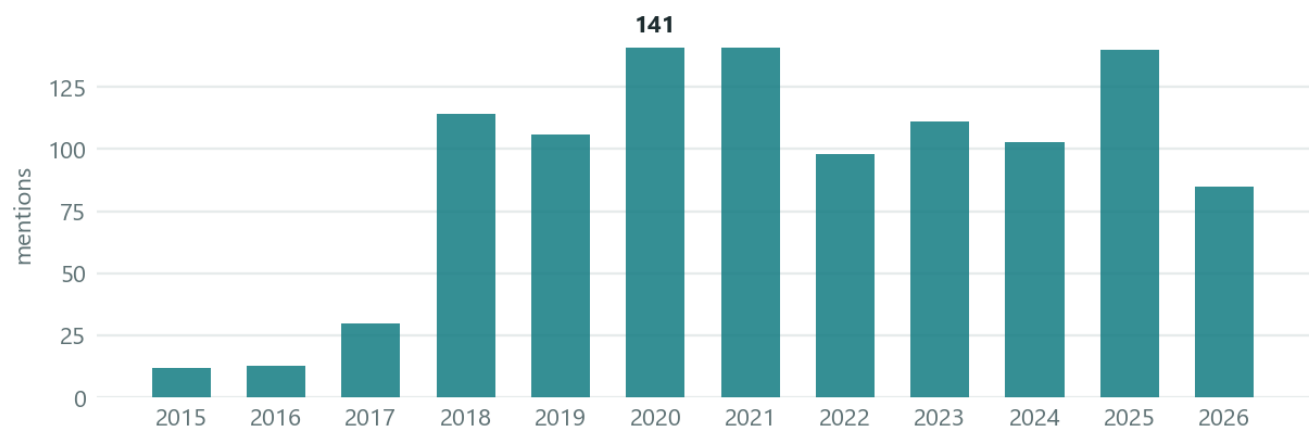

Trend over time (by year)

Perception score per period on a 0–100 scale, where 50 is neutral.

Volume (by year)

Number of records per period — how much of the conversation each period carries. Read the trend above against this.

POSITIVE · @WODEMAYA · Dec 2020 · 6,368 likes · score +0.29

"Lmaooo why I kept say Tik Tok??Welcome to Ghana man!"

POSITIVE · @folarinosibodu · Oct 2020 · 2,016 likes · score +0.75

"Mark really knows how to embed himself and let the culture transform him. Using his hands...that's exactly how to do it. He is so humble. He visits villages, instead of high-end pretentious restaurants. He really gets to the authentic nature of how to eat the foods. Very impressive."

POSITIVE · @Lilac-v-o9x · Jan 2019 · 1,951 likes · score +0.92

"Jay is such a beautiful African woman."

NEGATIVE · @KwekuTed · Dec 2022 · 2,245 likes · score -0.48

"I'm Ghanaian, I live in the capital city away from the parts shown initially in the video. Those parts are huge slums, situated along the coast (Jamestown, korle and Bukom). They are some of the oldest townships in the Capital, towns that initially sprung up with the arrival of the British (traders..."

NEGATIVE · @Allrightguy83 · Nov 2021 · 389 likes · score -0.06

"I was in Ghana last summer for two weeks and had the best time of my life. So, Im just gonna put it out therewhen I was in the markets and someone wanted to sell me a bracelet for 50 cedis, or about eight bucks, did I sweat it and say, hey Ill give you 25? Hell no. I gave him or her the 50 cedis an..."

NEGATIVE · @ericoteng7898 · Dec 2020 · 351 likes · score -0.81

"The Ghanaian reception is too much...if they realise you're a foreigner, they way they'll treat you, I swear you won't return to your country again "

How this view was built

Country	Ghana
Year range	2015–2026
Aspect (any of)	all aspects
Sentiment	positive, neutral, negative
Data source	all
Relevant records only	yes
Date range	June 2015 – July 2026
Records	1,094

Sentiment is scored by a multilingual transformer; aspects and emotion are rule-based taggers; each record is attributed to the country its text is about rather than the search query that surfaced it. Every number and sentence above is computed from the filtered records.
